Article 1. General provisions

1. The present "General conditions of civil liability insurance for motor vehicle owners, for damage that occurs on the territory of member states of the Green Card System, caused by the use of these vehicles", hereinafter called "Conditions of Insurance" apply to insurance contracts concluded by Euro Insurances Designated Activity Company ("LPINS"), with motor vehicles owners ("Policyholders") in order to insure the civil liability of the owners of motor vehicles and persons driving the motor vehicles (Hereafter referred to as the "Insured").
2. In these Conditions of Insurance, motor vehicles are vehicles as defined in Article 2 section 10 of the Act on Obligatory Insurance, Insurance Guarantee Fund and the Polish Motor Insurers' Bureau registered in the Republic of Poland.
3. Additional regulations or provisions that differ to these Conditions of Insurance might be added to an insurance contract in consultation with the Policyholder unless it would be contrary to the provisions of law. Such regulations must be added in a written form otherwise they are null and void.

Article 2. Subject and range of the insurance

1. Insurance protection covers the civil liability of the owner of the motor vehicle or a person driving the motor vehicle for damage caused to third parties, as part of the use of this vehicle outside the Republic of Poland, within the territory of states that are members of the Green Card System, indicated in the insurance document, excluding states whose national offices are signatories of the Multilateral Agreement.
2. Insurance protection covers the civil liability of the owner of the motor vehicle or a person driving the motor vehicle for damage caused to third parties as part of the use of this vehicle, for which they bear responsibility, according to the law of the state within the territory of which the accident covered by the insurance protection took place, subject to section 3.
3. If the injured person and the owner of the insured motor vehicle or the person driving the insured motor vehicle are citizens of the Republic of Poland ("**RP**") and they reside there permanently, and the claim is raised in the RP, the insurance protection covers the responsibility of the owner or driver of the motor vehicle for damage caused to third persons as part of the use of this vehicle, for which they bear responsibility under Polish law, provided that the law of the state where the accident took place stipulates such competence.
4. If the law of the state where the accident took place does not stipulate otherwise, if damage is caused by a combination of vehicles (e.g. a vehicle towing a trailer), the civil liability insurance of the owner of the towing vehicle covers damage caused by the trailer which is connected with the motor vehicle or becomes detached from the vehicle while still moving. The above rule also applies in cases where motor vehicles are towed by other motor vehicles.
5. Compensation for damage is established and paid within the limits of the civil liability of the owner or driver of the motor vehicle, determined by the appropriate law, established according to section 2 and section 3 of Article 2 subject to:
 - 1) the conditions, guarantee amount and limits specified in the state where the accident took place or by the law of the Republic of Poland, depending on which law is applied, or
 - 2) the conditions and guarantee amount specified in the insurance contract, while – if the guarantee amount provided for by the law of the state where the accident took place is lower than the guarantee amount established in the insurance contract, or conditions provided for by the law of the state where the accident took place have a smaller range than the conditions determined by the insurance contract, LPINS pays out compensation within the scope of the conditions and guarantee amount specified in the insurance contract.

Article 3. Concluding an insurance contract

2. An insurance contract is concluded for the period indicated by the Policyholder, covered by the period of protection under the Civil Liability Insurance Contract,

specified in the insurance document; however, the insurance period cannot be shorter than 15 days or longer than 12 months.

3. LPINS confirms the conclusion of an insurance contract with a policy or other insurance document, and issues an International Car Insurance Card (hereinafter called "Green Card").

3. The insurance contract terminates:
